

FRED SCHLOEMER, Ed.D.

Parenting Adult Children

REAL STORIES

OF FAMILIES TURNING CHALLENGES INTO SUCCESSES

Paperback • 6 x 9
192 pages • \$19.95

Parents of Adult Children Agree . . .

Being a parent is one of the toughest jobs anyone can do, and the role doesn't end when children grow up. In fact, parenting can become even harder then, as adult children struggle to become more independent, while parents struggle to relate to their children in more mutual ways. The pitfalls for both generations can be daunting, yet few books or other resources exist to guide families through these difficult times.

Parenting Adult Children: Real Stories of Families Turning Challenges into Successes offers helpful insights and interventions to families dealing with these issues. In it, psychotherapist Dr. Fred Schloemer shares lessons learned with his clients on how to become better parents to adult children.

Here's what reviewers have to say:

"In this dynamic new work, Dr. Fred Schloemer addresses a much-needed aspect of family relations that has been largely overlooked until now. The parenting case histories are compelling and instructive. I consider it a 'must read' for parents of adult children, as well as practitioners and academics."

— Dr. Mary Bemker, Director, Nursing Department, Capella University

"Every parent of an adult child will find himself or herself in this book. Dr. Schloemer tackles difficult dilemmas with compassionate directness, offering hope and brass-tacks guidance."

— Alison Johnson, Licensed Clinical Social Worker, and President/CEO, Integrating Your Heart Services
